LARIGO'S
ENGLISH AND MERCANTILE
ACADEMY,
No. 40 Wisconsin Street, Milwaukee, Wisconsin.

THE PRINCIPAL RESPECTFULLY informs the Public that the next Term of his School commences, Monday, April 7, 1856.

Spring Session commences Monday, April 10th, 1856.

This Institution, having been six years in active operation, is permanently established and its prospects still encouraging. It is pleasantly situated in the centre of the City, the building having been enlarged and much improved, has ample accommodation for students of both sexes who wish to acquire a complete English and Commercial Education.

N. B. Book Keeping, Writing and Arithmetic, are thoroughly and efficiently taught by Prof. Larigo. Gentlemen conversant with businessmay obtain a masterly knowledge of DOUBLE ENTRY in two or three weeks. He has opened his EVENING SCHOOL for students in Reading, Writing, English Grammar, Book Keeping &c.

The Principal having been six years RESIDENT ACCOUNTANT in Milwaukee, through his extensive business acquaintance many of his students on graduating, obtain profitable situations. For further information see Circulars.

BACON'S
MADISON MERCANTILE COLLEGE,
(Branch of Bacon's Mercantile College Cincinnati, O.)
No. 13, Bruen's Block, Madison, Wisconsin.

THE undersigned respectfully announce, that he has taken a Room in the above named block, (until his new College Edifice, which is in course of erection, corner of Mifflin and Pinckney streets, is ready for occupancy,) and will open his MERCANTILE COLLEGE on

Monday, January 14, 1856.

The plan adopted in teaching, combines practice with theory; instead of using Text Books the pupils are exercised in actual, every day, original and correct business transactions—Journalizing, Posting, Balancing Accounts, Opening and Closing a great variety of different Sets of Books, both for Partnership and Individual Business; where the business has been prosperous and adverse—and thus qualifying the student for entering into the practical duties of the Accountant, in any kind of business.

THE COURSE OF INSTRUCTION will consist of DOUBLE ENTRY BOOK-KEEPING, embracing every department of Trades and Mercantile Accounts, viz: Wholesale and Retail, Commission, Exchange, Banking, Manufacturing, Shipping, Individual, Partnership, Joint Stock and Compound Company Business. Also Commercial Calculations, Penmanship, lectures on the Science of Accounts, &c.

Pupils are instructed individually, and not in classes, so that Students may enter at any time and proceed in the ratio of their capacity and industry.

HOURS OF TUITION, viz: From 9 to 12 M., from 2 to 4 and from 7 to 9 o'clock, P. M.

TERMS:

For one Scholarship, which entitles the holder of it to a full course of Instruction $100
N. B. Until the completion of my new College Building, I will offer the following inducements, viz: Any one persons subscribing One Hundred Dollars, will be entitled to Four Scholarships at $75
Any one person subscribing Five Hundred Dollars, will be entitled to twenty-five Scholarships at $60 $1500
☞ The Scholarships will be transferable, and each one entitles the holder to a full course of Instruction.

Each subscriber will be secured for amount of subscription by Mortgage on Real Estate.

Hours of Instruction, from 9 to 12 M., and from 2 to 4, and from 7 to 9 P. M.

# THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.
MILWAUKEE:
*Saturday Morning, May 10.*

### News of the Morning.

We have some further details of foreign news. They indicate a favorable settlement of our difficulties with England. The conditions of peace have been made public.

By the latest accounts from Kansas it appears that Sheriff Jones is not dead, that it was thought that he cannot recover.

A variety of news items will be found under the Telegraph Head. The New York market of yesterday shows more activity, without material change in price.

We invite attention to our local and advertising columns this morning.

MORE "DEMOCRATIC" OPINIONS.—The La Crosse National *Democrat*, a paper which supported "Barstow and the Balance," heartily and zealously, through the last campaign, thus speaks of the apology put forth by the ex-State Canvassers, for their false count and fraudulent certificate:

STATE CANVASSERS' DEFENCE.—During the contest between Gov. Barstow and the Supreme Court, we published all that was deemed necessary to show the rights of the former and the unprecedented usurpation of the latter.

This "defence" does not cover the whole ground, and we are not disposed to consider it entirely satisfactory. Our position has been, and will be, that if the certificate given to Barstow was based on illegal and forged returns, he had no right to the office, but instead of his being a tyrant and usurper, those who gave the certificate were the ones to be looked after. The meanness of a man's friends should not always drag him down to the same level. Under all circumstances, the purity of the ballot-box should be preserved.

The Superior *Chronicle*, another Democratic organ, which likewise went in for Barstow, says of the decision of the Supreme Court:

We deem the decision of the Court a righteous one, and we doubt not that the great majority of the Democratic party will as cheerfully acquiesce in it as those who supported Rashford. Our time and space compels us to make but a brief allusion to this matter now, but we shall take occasion hereafter to express our views on the subject.

These journals no doubt express the sentiments of the honest masses of the Democracy, while the Madison *Argus*, Milwaukee *News*, and such like, speak only for "the Forty" and their reckless and unscrupulous adherents.

THE KNOW-NOTHING DEMOCRATS.—The *News* protests, with tears in its eyes and tremor in its language, that the Democratic Party has nothing to do with the Know Nothings. We really *don't* like to tread on our neighbour's palpable corns, but if what he states be true, how comes it that the Democratic Members of the House of Representatives voted in mass for Gov. SMITH, K. N. Democrat from Virginia, and Gov. AIKEN, K. N. Democrat from South Carolina—both of whom think it a sin and a shame that "foreigners" should be allowed to vote in the U. S. after only two years' probation.

SORELY AFFLICTED.—The *News* of yesterday had another K. N. spasm. The attacks are expected to increase, in frequency and severity, till after the Fall election. It is confidently believed, however, by the medical (and political) advisers of the *News* that the spasms will cease so soon as the exciting cause—the prospect of "the spoils"—is removed.

THE MILWAUKEE & MISSISSIPPI R. R.—MADISON.—We learn from Mr. COOKE, one of the Contractors on the Western Division of the Milwaukee and Mississippi Railroad, that the work has made good progress during the past two months; the track-layers having got into the Valley of the Black Earth creek, and the contractors keeping well out of their way. If the present fine weather continues, the rails will be laid and the road completed to *Madison*, 22 miles West of Madison, *within twenty days*.

Immediately thereafter the road will be opened for business, and the trains run regularly to and from *Madison*, which will become, for some months, the Western terminus of the road, and will always be an important station. Those wishing to invest there, will find the present a good time to do so, and our advertising columns will tell them where to apply.

SOUTHERN WISCONSIN RAIL ROAD.—We learn that the Contractors on the Southern Wisconsin Rail Road, from Janesville to Monroe, are hard at work with a good force, and have finished the grading for about half the distance from Janesville to Sugar River. It will be completed to the latter point early in the Fall. The bridge across the Rock River at Janesville—a heavy piece of work—is under good progress and will probably be finished in a month or two.

YOUNG MEN'S ASSOCIATION.—We publish today the annual report, and trust that its appeal to the young men of Milwaukee will meet a hearty response.

We are requested to say to members, that a new Librarian has been engaged, and that the Library and Reading Room will be hereafter open during the business hours of the day and evening.

NORTH OTTER.—Lt. Bartlett, late of the U. S. ship Jamestown, offers to give 100 bushels of corn, and take charge of a vessel, finding his own crew, to carry a cargo of breadstuffs to the starving people of the Cape de Verd Islands. Liberal subscriptions are being received in New York for the purpose of sending speedy aid.

For the Sentinel.

GAS IN PARIS.—The following extract from Silliman's Journal for May is worthy of attention in this quarter of the Globe.

An important change has just been made in the six gas works, from which Paris is lighted, in consequence of the discussions that have been going on the past two years, and large reductions have been made by the company in their charges. From the first of January, 1856, the cubic meter of gas, which till then had cost the people 35 centimes, has been put at 15 centimes. The contract was made with the company for fifty years; but at the end of sixteen years, if the annual profits exceed ten per cent, half the surplus will go to the city; and if a new mode of illumination less expensive should be discovered, it may be put in practice without any indemnity to the company. The subject is presented in full in the Bulletin de la Societe d'Encouragement for December 1855. L.

WAUPACCA.—We took some little interest in the feuds which succeeded the election in Wisconsin, because all believe the transactions connected with declaring BARSTOW elected GOVERNOR, political scoundrelism only equalled by the Kansas business. The facts, as they are gradually developed, prove conclusively that we were not wrong. We learn from the Weyauwegian that the town of Waupacca polled on town meeting day only 129 votes. When it is remembered that the same town returned but fall 612 (!) votes, giving Barstow 464 majority, this great decrease will excite no little remark.—*Chicago Democrat.*

Very true. And yet the Ex State Canvassers and their twin apologists, the Madison *Argus* and Milwaukee *News*, insist that the Waupacca vote was an honest one, and BARSTOW fairly elected! But they cannot make the people believe any such Munchausenism.

ACCIDENT TO THE FANNIE FISK.—The steamer *Fannie Fisk*, with a large load of passengers and freight for Menominee, and way ports, left here on Thursday last and when but three or four miles out in the bay broke the cast iron frame to her engine which entirely disabled her. The wind was blowing almost a gale at the time. Both anchors were thrown out and rode the storm gallantly until the next day when the steamer *Martin* went to her relief and brought her and her passengers safely into port.—*Green Bay Advocate.*

### Milwaukee and Superior Railroad—Mass Meeting at Port Washington.

Pursuant to public notice a Mass Meeting of the citizens of Ozaukee County was held at the Court Room, in Port Washington, on Tuesday, May 6th, to listen to the plans of the Milwaukee and Superior Railroad Company, and express their views of the importance and feasibility of the enterprise.

The meeting was addressed at length by the Hon. J. STARK of Milwaukee, Attorney of the Company, who presented and urged with great force the advantages of the Road to the county, and the importance of its immediate construction.

Mr STARK also explained fully and clearly the manner in which all may become stockholders in the Company, without inconvenience to themselves; and especially pointed out the propriety of the county loaning her credit, after the example of Milwaukee, to aid in the construction of the Road.

He was listened to with attention throughout, and was followed by M. FENGTHEIM, Esq., of Milwaukee, in a few pointed and well directed remarks on the same subject in German.

Hon. E. Fox COOK, Mayor of the city of Sheboygan, being present, was called out, and made a strong speech, assuring the people of Ozaukee County of the most cordial co-operation of the people both of the city and county of Sheboygan in every effort to urge forward the construction of the road. His remarks were received with great satisfaction, and were loudly applauded.

On motion of J. C. LOOMIS, Esq., a committee of five were appointed, consisting of J. C. LOOMIS, of Port Washington; J. C. DOWNE, of Grafton; Wm. F. OPITZ, of Mequon, E. BLAKE, of Port Washington, and Nicholas WOLFF, of Belgium, to prepare resolutions expressive of the sense of the meeting.

The Committee unanimously reported the following, which were adopted without a dissenting voice:

*Resolved*, That we regard the immediate construction of the Milwaukee and Superior Railroad, as a subject of vital importance to our interests as individuals and as a community.

*Resolved*, That in view of the extraordinary natural advantages of the route proposed for said road, and the warm and loyal support of the citizens of the country, through which it passes, we look on it as presents superior and desirable if the profitable investment of capital.

*Resolved*, That we have full confidence in the energy, capacity, and good faith of the President and Directors of said Company, and that they will so far, as lies in their power, redeem their pledge of the immediate commencement and unwearied prosecution of said work until completed.

*Resolved*, That we will extend every assistance to the company in our power, by subscribing and inducing others to subscribe, to the capital stock of said Company, by procuring the right of way for the road to be given or granted upon the most favorable terms, and in such other manner as may serve to promote the success of the work.

*Resolved*, That it is expedient for this County to loan her bonds to said Company to a reasonable amount, in like manner as the City of Milwaukee has loaned her credit to railroads terminating at that city; provided said Company shall give to the County, ample and satisfactory security for the faithful application of the proceeds of said bonds to the construction of that portion of the road within this County, and for the payment by said Company of the interest and principal of said bonds.

WILLIAM H. RAMSAY, Esq., of Port Washington, being loudly called for, appeared, and in a forcible speech, pictured the isolated position of Ozaukee County and its villages, for want of inland communication; showed that they were being rapidly outstripped in prosperity and wealth by newer and by nature less favored points within the State, and hence drew a strong argument that the construction of this road is a matter of vital interest to and should enlist the warmest support and encouragement from all residents of this County.

After resolving that the proceedings of the meeting be published in the newspapers of Milwaukee and Ozaukee Counties, the meeting adjourned with the best feeling toward the Railroad and its projectors.

FREDK. HILGEN, Chairman.
VICTOR HEYMAN, Secretary.

A CONTRAST.—While the pro-slavery Border ruffians is heaping upon the shooting of DOCTOR KANNEY, by cowardly whites of non slaveholders, praises and denominated by the Free State men, and for whose detection they have offered a large reward, they have entirely forgotten the murder of several of the people of Kansas by the every same ruffians who are engaged with them in trying to make Kansas a Slave State. WILLIAM BARBER, a peaceable citizen, was shot by a Border Ruffian, did we hear of PRES'T PIERCE sending a company of soldiers to make arrests? When the brave BROWN was brutally murdered—chopped to death—was there an armed force sent? Did the government officials endeavor to find the murderers, who boasted of their deed? And has not the Humbug press teemed with praise of the ruffians of the border? Look on this picture, taken from a speech of Col. LANE, describing the death of Mr. BROWN:

Brown had been most foully murdered. He was a brave man, who could whip the ruffians, and had done it, two to one. He was going home with others, in a wagon, one day, not long ago, when he was met by some eighteen ruffians; they stopped the way. He told them to let him pass, and as they didn't feel strong enough to fight him with even two to one, they let him pass. Later he met another company of seventy Missourians. They also stopped him. He resisted, but that company was strong enough to take him. They did it, but with the strongest assurance that he should not be hurt. How were those promises kept? Worse than among barbarians. He was taken to a cabin, through the cracks of which could be seen what was going on inside. He was told that he must die.

He asked for a chance for his life. He begged them to let him fight any two of them for his life with any weapon they pleased, pistols, knives, or guns. No, they would give him no chance. A rope was put round his neck, and he was led to the door. The limb was ready. But when he reached the door they set upon him, thus bound as he was, and thus assured that he should be protected, and cut him all to pieces with hatchets. They *hacked* that mangled body to his room, more than one hundred yards. They threw it into the wagon, and kicked it after he was thrown in. They drove with it to his home, and the first intimation that his wife had of his fate was seeing his mangled corpse *pitched* into the house, so that his blood spattered her dress. She was an excellent and interesting woman, one of the finest women as ever lived. She was made a maniac by that awful sight.

Yet such an act read no U. S. troops to the scene of outrage and blood!

HIGH WATER.—The Mississippi River and Lake St. Croix, at this point, are higher than they have been since 1852, and are still rising at the rate of ten inches every twenty four hours. The water has raised some twelve feet since the ice broke up. The bottoms are full. Little and Big Island are partly under water, and Point Douglas (not the village, but the point) shows nothing but a body of trees lifting their heads and trunks above the water. Numerous booms, which were thought secure, above the Falls of St. Anthony, and one at St. Paul, have broken under the tremendous pressure of the flood, and millions of feet of logs have been swept away. The destruction of cord wood, on the river banks, will, if the rise continues, be immense. Our citizens have nearly ten thousand dollars worth of it in jeopardy.—*Pioneer & Democrat Transcript.*

LUMBERS.—There is a great scarcity of laborers in this county. In the lumber regions, on the farms, and on public works, thousands of men might find employment at wages ranging from $25,00 to $40,00 per month and found. Steamboat hands and raftsmen are being paid the latter figure, and they are scarce at that. With such wages, any man may lay away money enough in one season to buy a farm of a hundred and sixty acres. Isn't this a great country? It used to take a young man five to ten years down East, to save from his labor a sum sufficient to buy him a farm.—*Prescott Transcript.*

RAFTS.—Four large rafts of lumber came out of the St. Croix on Wednesday morning, floating downward to the distant markets. These rafts contained nearly 500,000 feet each. They were the first that we have seen this season.—*Prescott Transcript.*

☞ The steamer *Aquilla*, since her arrival from Pittsburgh, has been lying at our dock undergoing repairs and receiving a new coat of paint. She left for Berlin this morning.—*Fond du Lac Union.*

*Arab Notions of Greatness Among Foreigners—The Donkey Boys Ajour.—Dress and Manners of the Egyptians—The Scribes—Bakers and Barbers.—A View from the Citadel—The Mosque of Mohammed Ali—His Life and Character—The Mamelukes Boys—Their Death.*

CONTINUED.

CAIRO, Jan. 10, 1856.

To the North the eye wanders down the valley of the Nile towards the delta, interspersed with groves of palm trees, villages, and fields of green crops. To the East are seen first the tombs of the Mamelukes Kings, and beyond, the sands of the Arabian desert. Looking over this trackless sea of sand towards the Red Sea, where the Israelites wandered long ago, the traveller can barely observe a speck that seems to possess life.—Faintly

"Like on the smoke-lit Carmel rest
On the edge of the desert black and broad,
And never shall the sign fall on the eye,
He sees and is Gad-fed in the sun."

To the South can be seen the site of the ancient city of Heliopolis, the Athens of Egypt, where nothing now remains of the great Past except an obelisk rising above some mud huts, and a few palm trees—a monument that even Abraham, when he entered the country, might have gazed upon with wonder and admiration. But the eye meet the West, and they become riveted upon one object,—the Pyramids—as they loom up against the sky at the distance of ten miles. The green meadows, the Nile as it meanders along through the valley like a silver thread, the graceful minaret, with thin, tall tapering form, and a thousand beautiful objects that fill up the picture of a rich landscape—all yield to the commercial memorials of an unknown past, standing in silent majesty on the edge of the Siberian desert. When seen from this commanding spot, they seem scarcely a mile off—so in looking back into history, we would think the next moment, that they are but a few hundred years old, and that the records of a city would easily furnish their date. But he who sits down to learn their history, among the relics and memorials of past ages, will search in vain for a solution of their being and the true time of their erection. Its wonders no more at their grandeur and immense proportions, than he does when he is informed that more than four hundred years before the Christian era, Herodotus visited them as a relic, the same as scientific men from all parts of the world repair to them now. But as I have not been any nearer to them than here, I shall defer any further reference until after I have personally inspected them.

The mosque of Mahommed Ali is one of the most superb and beautiful of any in Cairo. The visitor first enters a huge court, surrounded with marble pillars and paved in imitation of mosaic painting. From here, through a lofty vestibule, he enters a large temple-like building, surrounded with pillars of alabaster, of rose, and every other variety of color. Upon these, and several central, double, square pillars of like marble, rest three lofty domes, whose vaulted ceilings are embla zoned with arabesques of green, crimson and gold, and studded with stars in imitation of the sky. The tall, slender, white minarets, from the mosque, are seen in approaching Cairo, from a great distance. In one corner of this building, partitioned off in an appropriate manner, is placed the Sarcophagus, containing all that is mortal of one of the most distinguished men of his age—Mahommed Ali—born the same year as Napoleon and the Duke of Wellington. It is covered with a rich pall of damask velvet, and before it are almost always found kneeling some of the faithful.

Like most truly great men, Mahommed Ali was the architect of his own fortunes. Born of poor Albanian parents, in a Turkish province, his first step was to marry a young, wealthy widow lady, who brought, in addition to many charms, wealth and friends. From the position of a captain of 300 men in the Turkish army, at the battle of Aboukir, he showed so much bravery that he was offered and accepted the rank of Colonel. Taking advantage of a difficulty, growing out of two rival factions, he declared in favor of the Mameluke Beys, who were successful, and by them he was invested with the title of General of all the armies. By another intrigue, which turned out equally as successful, he succeeded in getting the Sheiks to name him Viceroy of Egypt, which nomination, on the promise to pay a bribe of 3,000 to the Sultan, was confirmed.

After various successes, having conquered and crushed all his rivals, he then entered upon the great plan of waging war with the Sultan himself, removing the Capitol to Cairo, and reducing Turkey to that of a conquered province. A new fleet was organized, a new army raised, and both proceeded against their enemy. Several engagements were had, in all of which the Egyptians were victorious. Turkey, finding herself too weak, called to her aid Russia, and several other European nations, and after some negotiations Mahommed Ali accepted very favorable terms of peace offered by the Allies. It was on this occasion that Turkey concluded the treaty with Russia, which, in part, gave rise to the present war between these two countries.

After this he devoted a long life to the promotion of the general welfare of his country. He introduced the culture of cotton and sugar, as exports, and built mills and manufactories. He increased the navy, which was nearly destroyed in foreign wars for the protection of the Sultan, and organized a disciplined army. He encouraged agriculture and established schools and colleges. He endowed institutions for the other branches of learning, and built hospitals for the blind and insane.

Although a man of noble pride and unyielding firmness, he had too much common sense and sagacity not to profit by the improvements of other nations. He employed in his services in various departments many eminent men, and was a patron of the Arts to the extent of his limited means. He had great confidence in the French, and in almost every instance gave employment to scientific men from France. Had Egypt a law of such inheritance as not to occupy the position she does—a tributary to Turkey; a country rich in natural wealth, with a downtrodden and oppressed people, too poor and too discouraged to develop its resources.

There is one act in the life of Mahomed Ali that his biographers cannot write without a blush. There are many that excuse it on the ground of stern necessity; but still positively regard it as cowardly and vindictive. The true secret was, that his victims stood between him and the goal of his ambition, to attain which it was necessary that they should be sacrificed. As I am here at the citadel, looking at one of the most beautiful panoramas to be found in the world, this tale of blood comes vividly to my memory, and a turn of my eye, a few feet to my right, showed me the spot where the brave Mamelukes met their fate.

On the first day of March, 1811, under the pretence of consulting the Mameluke Beys in reference to a war with the Nabalees in Arabia, they were summoned to the citadel. This place contained the palace of Mahomed Ali, fortifications for defence, and other buildings for military purposes. There is also here the remains of a palace built in the times of Saladin. In the centre is a large square for military reviews. As this plot of ground is on the summit of a hill, the walls that surround it are very high, being in many places from fifty to one hundred feet high, flanked by towers and gateways of proportionate size and thickness. Through one of the lofty gates the unsuspecting Mamelukes entered in platoons, each one dressed in splendid uniform, and mounted on his fiery Arab steed, that lithely glistened with jewelled trappings. The Arab since the creation of man has never changed his character in his affection for his horse. The light of the harem is dear to his heart—are his barbarian children; but his life, his love, his everything that entwines his heart's affections—is his beautiful companion over the desert, and the sharer of his fortunes in peace as well as war—his noble horse. It is him that he decks with all the show and ornament that a youthful lover does his maiden mistress.

But the story is briefly told. So soon as the last of the line of horsemen had passed through, the drawbridge was pulled back, the ponderous gate came down, and the Mamelukes saw a deep ditch between them and the desert, and the high walls covered with a murderous soldiery who had already commenced the work of death. Some with folded arms across their mailed hearts bowed their turbaned heads to the will of Allah; and others with drawn weapons advanced upon their enemies with curses and imprecations, but only to receive the bullets of a thousand guns aimed at their hearts. One only of all that chivalrous body of cavalry escaped—that one was Emir Bey. So soon as he was aware of the treachery he spurred his horse to that part of the wall which was the lowest—a moment more, and with his eyes closed to the awful depth below, his brave horse, instinctive of the danger of his master, was in mid air, and the next, a mangled mass. But Emir Bey was saved. From the place where he leaped the wall he reached a mosque, where he remained undiscovered until night, when he escaped to the desert. So it was the fate of the Mamelukes. After their destruction Mahomed Ali found no obstacle in the path of ambition.

### Annual Report of the Directors of the Young Men's Association.

*Gentlemen of the Association:*

The Board of Directors present this report of the affairs of the Association, and their doings for the past year:

There have been added to the library, by purchase, about one hundred and twenty volumes; beside many works of value and interest received from different departments of the General Government, from other Libraries and Associations, and from members of Congress from this State. We are also indebted to E. G. RYAN and to WILLIAM E. CRAMER of this city for several valuable books presented to the library. The number of books now on the shelves of our library is near three thousand, in addition to which an order for about four hundred new volumes has been sent to New York City, and the sum of five hundred dollars has been appropriated to pay for them, but not yet drawn from the treasury.

The report of the Treasurer herewith submitted, shows that the receipts of the treasury the past year have been $2377 92
And the expenditures 1756 86
Leaving a balance of $ 620 7

Besides these amounts there are unsettled claims for rent and librarian's services, and expenses, amounting to $201.25.

There is also in the hands of the librarian the sum of $136 95, leaving the true balance to the credit of the Association at the close of the year of $355 27, which is subject to the deduction of $200 appropriated for books, as already stated.

The principal items of expenditure are: For rent, the past year, and one quarter of previous year, $287.50; for services of librarian, and expenses of library, $264.10; for incidents, $21.50. The greater part of the remaining amount of expenditure has been for lectures, of which a full report of the items of receipt and expenditure has been already submitted by the proper Committee and published in the newspapers.

While we are aware that our Association falls far short of many kindred Associations in Eastern cities in the extent and variety of its library and in the elegance and attractiveness of its reading hall, still we feel that it is some source of gratification, that for the nine years of its existence our Association has been for the most part self-sustaining, and has accumulated a very respectable and tolerably well selected library, and maintained its reading room by the periodical payments of its members, and almost wholly without direct contribution or donation to its funds. Other institutions for a like purpose with our own have often been started and sustained by handsome endowments and continued donations, and we think well doubt if a wiser or nobler use of money could be made than in the founding and support of a library and reading room for the public benefit: but until such time as our treasury shall be filled by some wide benevolence, our reliance must be on ourselves, and the appeal of our Association must be to those young men of Milwaukee who wish to see a library and reading room here, that shall be an honor and pride to our city. Our library is already valuable and well worthy the attention of every reading man, and we need only that those among us who would enjoy such a thing should enroll themselves with us, to be able to provide through our Association a most pleasant place of resort, and the means of the best social and intellectual culture for all the young men of Milwaukee.

Of late years Young Men's Associations have come to occupy a somewhat prominent position in the public eye, as the recognized means of procuring and arranging courses of popular lectures. The labor attending this duty for the past three years has been cheerfully undertaken by your Board, both for the direct profit to the treasury of the Association afforded thereby, and because it was believed that the correspondence with individuals and kindred Associations, which would necessarily arise, and the consequent interchange of views and experience among many men engaged in a like work, would promote the interests of all the Associations, and render them stronger for good. It is believed that the expectations of your Board in this matter have been fully realized.

With this statement of past transactions and present condition of the Association, the present Board cherish the hope that another year's Report may show such an increase of members, that our Association may be able to do better than simply sustain it present library and reading room, and have the means largely to increase the attractiveness and usefulness of both.

All of which is respectfully submitted in behalf of the Board of Directors.

### Southern Sensitiveness.

MARIETTA, COBB COUNTY, GEORGIA, }
April 23, 1856. }

EDITOR MIRROR:—I wrote you a few days since in relation to the irregularity of the Mirror. I at that time, and did which I subscribed for it, entertain a high opinion of the Mirror, but on the receival of your last publication, this morning, I noticed an article of your editorial, in which you uphold Mr. Seward's speech on Kansas, and other articles of less importance, which I also consider you wrote in an abolition manner. In consequence of which, (in justice to myself as a citizen of the South,) I take this opportunity of informing you to *leave off* hereafter sending me the Mirror. G. W. THOMAS.

Our readers may recollect that, in commending the ability of Mr. Seward's recent speech, we took occasion to speak highly of him as a man of unblemished private character. For this act of simple justice, the cry comes, "stop my paper." But it is impossible for the Mirror to cater to the prejudices of its readers. It aims only to be just to all; and will continue to utter honest opinions on all questions, without regard to the sensitiveness of sectional fanaticism at either end of the Union. Mr. Thomas of Georgia, we believe, is the first man to charge us with anything "in an Abolition manner."—*N. Y. Mirror.*

Our friend of the *Mirror* will learn, ere long, that the South tolerates neither freedom of speech, nor of opinion, on this question. *All* are "Abolitionists" in their view, who do not admit that SLAVERY has equal rights with FREEDOM. Nothing short of this contents them. And any praise bestowed upon GOV. SEWARD is flat treason. We do not wonder that Mr. THOMAS "stopped his paper."

### Killing in Kansas.

Five or six months ago, Mr. Dow, a Free-State citizen of Kansas, was shot down in the highway near Hickory Point, Kansas, by Coleman, a Pro-Slavery man. Dow being unarmed at the time and in no manner threatening or molesting Coleman. Neither the U. S. authorities in Kansas, nor those pretending to hold under the Missouri Legislature, have offered a reward for the arrest of the murderer, or taken any step calculated to bring him to justice. But they *did* arrest Brotwell, a Free-State man with whom Dow boarded, on a trumped-up charge of having threatened the life of Coleman, and were taking him to prison when he was rescued by a number of his fellow-citizens.

Three or four weeks later, Barber, a Free-State settler from south-western Ohio, was riding home from Lawrence to his cabin on the prairie, three or four miles off, when he was shot dead from his house by a Pro Slavery U. S. Indian Agent. No attempt has been made by the Federal or Territorial authorities to bring the assassin to justice.

Still more recently, the Free-State party were holding an election at Easton, near Leavenworth, when they were set upon by an armed Pro-Slavery party. The Free-State men mustered in such strength that their adversaries receded from the conflict and left the Free-State men in undisputed possession of the ground. The latter soon scattered toward their several homes, supposing all danger of collision was over. But the Pro Slavery party had kept together and were lying in wait for each portion of the Free-State party as they could attack with impunity. Mr. Brown, a leading Free State settler from Ohio, fell into their snare. He was surrounded, captured, chopped to pieces with knives and hatchets, and at length driven home in his own wagon, and laid down at his door to die, which he did soon after. His wife into whose presence he was thrust is now a maniac. No reward has been offered; no attempt to convict the perpetrators of this fiendish murder has been made by the Federal or Territorial authorities, up to this hour.

But at length a Pro Slavery man, the Locus "Sheriff" Jones has been shot, by some unknown person, but who is probably a Free State man. He was in Lawrence, seeking to bring on a collision between the Free-State men and the Federal Government, by arresting persons in the name and by authority of the bogus Territorial Legislature. Every man in Lawrence was ready to put him to the service of any process emanating from the U. S. authorities, and it would have subserved every purpose but one to have had these writs issued by U. S. judges, but Jones evidently sought not to be obeyed but to be resisted. Finding the people indisposed to recognize the Shawnee Mission authority, Jones sent to the nearest fort for U. S. troops, and, with them at his back, arrested whomsoever he pleased. Intense excitement and indignation pervaded the town, and that evening Jones was shot as aforesaid. Thereupon the Free State party held a great meeting, condemned this cowardly assassination, and resolved that the perpetrator should be brought to justice. Gov. Robinson promptly issued a proclamation, offering a reward of $500 for the detection and apprehension of the culprit. And we have high hopes that he will thus be detected and punished.

Such is the contrasted course of the two adverse parties in Kansas with respect to the shedders of blood among them. We must it will continue so contrasted to the end.—*N. Y. Tribune.*

### Balloon Accident—Mons. Godard in Peril Again.

HAVANA, April 22, 1856.

Mr. Godard made his grand ascent last Sunday, accompanied by no less than five young gentlemen, among whom I noticed Mr. Perez, who is styled the "King of Awning Makers." Just at the appointed time a heavy shower commenced falling, and the sky looked very black and overcast. The public, however, insisted on Godard's starting, and the lines were cut loose. He was soon lost sight of behind the dense black clouds, as the wind was blowing pretty well from the North-west, the balloon crossed the bay South of Regla, and descended about nine miles from Havana. The intrepid aeronaut and his passengers, came near losing their lives.

The valve got out of order, and when Godard attempted to let the gas escape, he found that he could not open the valve. He immediately informed his companions of the nature of the danger in which they were all placed, and proposed two alternatives; either to continue in the clouds and wait for the condensation of the gas, and make a descent by night, exposed to all the dangers of such a perilous undertaking in an unknown place, or tear the balloon and make an immediate, rapid, and equally dangerous one. The passengers chose the latter, and the balloon was immediately torn. Everybody thought they had all been killed, for the fall was very rapid.

The balloon struck a palm tree and rebounded about two hundred yards. One of the young men, Louis Zayas, was badly injured in the fall, and Mr. Perez had his leg broken. The others received some slight bruises, but returned to the city about 9 o'clock P. M. The Campo de Marte was crowded with pedestrians and volantes. Among the ladies there was one who seemed very much affected. I suppose her lover was one of the "merry" passengers of Mr. Godard.

### The Panama Riot—The Other Side of the Story.

The *New Yorker Staats-Zeitung* contains the following letter from a German correspondent, who witnessed the riot at Panama:

PANAMA, April 16, 1856.

*Editor of the New Yorker Staats-Zeitung:*

We left New York on the 5th of April, in the steamer Illinois, and arrived on the 14th, at eight o'clock in the morning, at Aspinwall. In the afternoon, between two and four, we left by railroad for Panama, and were received with open arms by our countrymen who had arrived from California.

At about half-past five o'clock, a difficulty arose from the outrageous behavior of several Americans and Irish, who refused to pay for what they had eaten and drank; and some bragging Americans drew their revolvers and fired upon the inhabitants, consisting mostly of Spaniards, negroes and Indians. The latter immediately armed themselves with long knives, sabres and guns, and killed several of their assailants. The rest of the passengers ran to their hotels and boarding houses.

The natives next attacked the houses where the cowardly rioters were concealed, nearly demolishing several and damaging others. The innocent, naturally enough, suffered equally with the guilty, and scarcely a man expected to live to see the morning. Many took refuge in small boats, others fled to the fields, or went aboard the propeller, and a part defended themselves.

The police were not able to quell the riot until the Governor and the American Consul had taken measures to restore peace. All arms and even the ship's can on hand to be delivered up, and a pledge entered, that no gun would be fired again on the part. This took place towards 11 o'clock at night.

Peace is again re-established, and all have come on board in small boats. The names and numbers of the dead cannot yet be ascertained. None of our countrymen are missing. We will leave at 4 o'clock.

All of us Germans wish you would give a place to this communication in your paper.

RUDOLPH SCHULTZ.

CHICAGO STEAMERS.—Since our last issue the steamers Cleveland and Huron have arrived from Chicago and Milwaukie with immense loads of passengers and freights. The Cleveland brought in about 175 Belgians and the Huron about 240. This makes nearly 900 Belgians, alone, who have arrived in our city so far this spring, by land and water, and we learn that there are from 800 to 4000 more on the way here. They settle principally on the Peninsula, between this city and Sturgeon Bay, and will in a short time make that point which has heretofore been considered as out of the world, and almost past redemption, blossom as the rose. They are as strong and healthy looking emigrants as we have seen in years, and we learn that the greater part of them have abundant means to maintain them while "opening up" their farms.—*Green Bay Advocate.*

BETTER THAN "SOOKING."—It is said that the bride of Major Raines, U. S. A., who was married in Newburgh the other day, received from her mother a bridal present in the shape of a Ferry property worth $500,000. That's better than waiting for death to make the heirs rich and happy.—*N. Y. Mirror.*

THE CAMDEN & AMBOY RAILROAD SLAUGHTER.—It is stated that the Camden & Amboy Railroad Company refuse to pay the bills of the Physicians for their services, rendered to the sufferers by the terrible affair on the railroad in August last, on the ground that they were "not employed." It is susceptible of proof, however, that at the time, they gave express directions to them, to accept no remuneration from those they attended.

A FACT TO POINT A MORAL.—In Mr. Blair's recent letter to the Republicans of this city, he states that Mr. Buchanan recommended the deposit of the $50,000 of government money in Simon Cameron's bank, for the purchase of the *Globe* for Mr. Polk; and now the *Union*, which was the fruit of that purchase, is doing all it can to cut Mr. Buchanan's throat.—*N. Y. Post.*

Watts Sherman, of the firm of Duncan, Sherman & Co., arrived in this city Saturday.—His health has been steadily improving since he left New Orleans. He will remain several days at the residence of his brother-in-law H. L. Lansing.—*Buf. Com. Adv.*, May 6.

WHERE SO MANY COME FROM?—Our town is now literally crowded with strangers, all looking for homes and fortunes in the west, and all but the more sighted and sore eyed (that's us) ones will find them. Our public houses are jammed full, so that the landlords are obliged to sleep two in bed and three in the middle, or on the floor. The *solid* men of the country are coming, too. We saw a stranger in town a day or two since, who, we'd bet one hat, would weigh over 250 pounds. The thing is going too far,—too many strangers are coming in here—they divide up the chances for making fortunes rapidly. Won't our Milwaukee friends oblige us by informing emigrants who pass through the city that Green Bay is a *little* out of the way.—*Green Bay Advocate.*

If the query is intended for us, we shall do no such thing. Green Bay is a great old town, brightening up constantly now-a-days, and to grow brighter yet. She has been kept alive by virtue of having sundry of the cleverest, jolliest of souls there, and thereabouts that were ever fed on pigeons, and we are glad to see them all flourishing.

DEPERE BRIDGE.—We learn that about 60 feet of the west end of the Depere bridge was carried out on Monday morning last by the breaking of a boom above the dam, which let a large body of logs down against the abutments. As the water at this point in the river is very high and rapid it will probably require some weeks to repair the damage done to the bridge. When repaired every precaution should be taken to have strong enough to withstand the force of the ice.—*Green Bay Advocate.*

THE CHALLENGES.—It was not the Quincy Guards, now on a visit to this city, but the Quincy Blues who issued the challenge to drill with any Company in the State. They will be here at the July Encampment, the challenge having been accepted by the National Guards Company A.—*Chicago Tribune.*

CORN—30@36.

OATS—30@36.

BARLEY—wanted at 1,50@1,60.

POTATOES—25@37½.

Nothing doing in freights. Some vessels are detained for want of crews, sailors demanding $1,25 per day, which owners are unwilling to pay at present reduced rates of freight.

### Chicago Market.

CHICAGO, Thursday Evening, May 8, 1856.

Receipts of produce by canal and railroad, since our last, have been light, and the market on Thursday was not active, owing to the want of vessels, most of those in port being loaded or chartered.

CHARTERS.—We hear of few vessels on the market. Charters show a slight advance. We notice charters today as follows:—The brig Blackhawk takes corn to Buffalo at 6½c, the bark Jessie Hoyt reloads thence. The bark Sunshine was chartered yesterday evening at 6c for corn to Buffalo.

WHEAT.—Sales of 500 bu spring in store at $1,67; small receipts to-day at $1,65 and to mill at $1,62½. Sales 2,000 bu and 6,000 bu on track at $1,70 on board; millers offer $1,70 for mill and $1,60 for white winter.

CORN.—Sales in the morning of 1200 bu and 3000 bu more in the afternoon at 36c per bu on board at the R. R. No. 10,000 bu at same in all next week, a cargo on board at 37½c. 8 66 lbs, in all next week.

OATS.—Sales to city trade at 31@32c delivered. Nominally 32@36c on board.—*Tribune.*

BARLEY.—Nominally $1,10@1,50. Brewers unable to buy, and inquiries over.—*Tribune.*

ELEVATING GRAIN AT BUFFALO.—The Buffalo Board of Trade, at their annual meeting on the 6th instant, adopted, after much debate, the following resolution, touching the charge for elevating grain from vessel to store

*Resolved*, That where there is no arrangement to the contrary, the rate or proportion to be paid by the owners or masters of vessels for elevating grain into store, shall be one quarter of one cent per bushel, and all expenses of shoveling or trimming the same in their respective vessels ready for elevation, and where grain is transferred into boats, the rate to be equal to one half of the elevatory expenses.

WM. WARD.—The N. Y. Shipping List, 24 inst., says:—The market is steady, with prices ruling firm for all descriptions without material alteration. The sales are 50,000 lbs, low and middling grades domestic fleece, at 32@42 cents, cash and 3 50 bales South American carpet qualities, at prices which are unknown. The fine kinds of fo

### Circuit Court, May 9th.

HUGH RUSSELL, PRESIDING.

Chittenden & Arnold vs. S. B. Davi . Action on Replevin. Cause in progress. Third day of trial.

Mil. & Watertown R. R. Co. Appellee vs. John B. Lee, Appellant. Appeal from appraisment of R. R. Commissioners. Jury empanelled, &c., and on application of parties, sent out to view the premises.

Wm. Brunner et al vs. John H. Green. Judgment for plt's for $202 50.

The following are the indictments we are allowed to publish:

John Dunn, burglary in a shop, and stealing sheep skins.

John Howe, larceny in a dwelling house and stealing a watch.

Patrick Call, indicted for rape.

James Brazer, larceny in shop, two indictments.

Wm. Riley, larceny in a dwelling house and stealing a gold watch.

Ellen Tousey, larceny in a shop and stealing lady's reticule and port monaie.

Isabella Wilson, two indictments for larcenies in dwelling house.

The Grand Jury were discharged in the forenoon, after having found 14 indictments; and enjoyed a brief incubation of five days, the shortest term within some years. The cases for trial at the present term, are not of unusual interest. There will be two trials for murder—Schumacher for the murder of Prevo on Walker's Point, and John Feiner, for the murder of Herman C. Adams, in his Bank on East Water Street; both these men have been once tried—Schumacher was convicted of manslaughter in the first degree, and a new trial granted; in the case of Feiner, the jury on the first trial disagreed. The criminal trials will not commence until the latter part of next week.

### POLICE COURT, MAY 9.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Josiah Jackson, John Callaghan and David Dexter were each fined $1 for being drunk; Wm. H. Cranker, for fast driving on bridge, fined $2; William Moran for resisting officer, fined $10 and costs. Thomas Delehanty, disorderly, case continued to May 10th at 9 A. M. for trial.

SCRAM ENGINE AND MACHINE WORKS.—We dropped in yesterday morning at MESSRS. BROWN & CO.'S Foundry, corner of Reed and South Water streets, Fifth Ward, and found a busy scene "there and thereabouts" Right at the entrance stands a large, well finished engine of 50 horse power, bound for Ouro, Winnebago C., for a bearing mill; and inside, among the whirling wheels, a large number of hands were busy in the various operations of a heavy business. The engine which runs the machinery of the shop is a fair specimen of the work of the concern, and they have reason to be proud of it. M. S. & Co. have furnished, among the 18 engines built by them during the past 12 months, those for the elevators to the Warehouses of Hooker, Coltzmer & Pueller, and Montgomery & Cutler.

The same firm is largely engaged in the manufacture of Fitch' Patent Threshing Machines, of which they will make full $70,000 worth this year. This machine is the one which carried off the palm from all those shown at the Paris Exhibition last year.

RIDING A FREE HORSE TO DEATH.—Notwithstanding Mr. WHITEHEAD, the Clerk of the Common Council, is so overwhelmed with work as to require (according to the Notes) "two Assistant Clerks," to share the labor and his salary, we observe that the School Commissioners have just forced upon him the office of Secretary to *their* Board, involving, of course, an addition to his duties, to say nothing of pay. We know that Mr. WHITEHEAD makes an excellent Secretary and Clerk, but it is positive cruelty to an overworked official to require him to fill two such berths. There should be a "statute of limitations" as to the number of offices that a public servant can be compelled to hold—else we shall see others of our useful citizens, like the late Alderman, Justice, Supervisor, School Commissioner, &c., &c., Powers, of the Fourth Ward, forced to flee to the quiet shades of the School Land Bureau at Madison, to escape the multiplicity of offices in Milwaukee.

AT THE SOUTH PIER—THE STRAIGHT CUT.—Very slow progress is being made on the work at the Straight Cut, or New Harbor, although there is now a channel through, with from 3 to 6 feet water, so that the fishing boats go through, and some of the lighter draft lumber vessels bound out. We see that there are now ready cribs, all framed, sufficient to run the piers out 200 feet on each side of the channel, and we do not see why the work cannot go on more rapidly. It is stated however that the contractors, (the successors to Col. Barton) are to take hold again with vigor next week, and to push the work forward without cessation. We hope this to be so.

Just inside of the new entrance, DOUGLAS & Co are putting down 250 feet of docking, and will soon have additional sheds put up, to accommodate the business of the Northern Transportation Co., and People's line of propellers, for which they are agents.

PATENT BRICK MANUFACTURING COMPANY.—A Company has been organized in our city, under a charter granted by the last Legislature, with a capital of $100,000, for the manufacture of brick. The Stockholders held a meeting on Thursday and made choice of the following Officers and Directors:

OFFICERS.—P. O. LEE, Pres't; S. C. SAUNDERS, Sec'y and General Agent.

DIRECTORS.—P. C. Lee, John Lockwood, J. C. Starkweather, A. C. May, S. C. Salisbury.

The manufacture of brick has got to be an immense business in this city. The demand this year is enormous, far outrunning the present supply and greatly enhancing the ordinary prices. The public will hail with pleasure the organization of this new company, with ample means and materials to make any required quantity.

THEATRE.—There was a fine house at the Theatre last evening, and the play of "The Hunchback," substituted for Incognito, was given to the entire satisfaction of the audience. Miss DAVIS appeared to much better advantage, than on the first evening, and was exceedingly well sustained. In the afterpiece of "the Rough Diamond," Miss EMMIE THORNE played with her accustomed grace and spirit and was warmly applauded.

An attractive bill is offered for to night, Miss DAVIS in both pieces; as *Rolla*, in "Pizarro," and as *Nan*, in the "Good for Nothing."

POLICEMEN'S PAY.—For some reasons unexplained, the pay of the Policemen is in arrears. This should not be. They ought to be paid promptly at the beginning of every month. Where is the fault?

COMMON COUNCIL PROCEEDINGS.—In regard to the omission which we noticed, in the abstract of the Common Council proceedings furnished to the *News*, we are assured that the Journal kept by the Clerk contains all the proceeding, resolutions, votes &c., set down in full, but the abstract prepared for the press is necessarily briefer. In the instance mentioned, the nature and intent of Ald. TAYLOR'S resolution, as to work at the straight cut, did not appear in the abstract, though it does in the Journal. It is just as well that the public should know and watch what is going on in the Council.

DRESS CUTTING.—MRS. BRIGGS, from New York and Eastern cities, proposes to instruct our ladies, and others interested, in the art and mystery of cutting and fitting dresses. She brings with her very conclusive testimonials as to her ability to teach what she professes to do, as no doubt our fair readers will discover on trial. Mrs. B. is at the Walker House.

REAL ESTATE SALES.—Mr. WALL sold yesterday the residence of the Rev. J. J. MILES, on Mason St., for $7,500. Also, lot 8, block 29, Second Ward, for $4,000; and lot 11, block 27, Fifth Ward, for $3,600.

REAL ESTATE SALE.—J. Thompson Hallett sold on the 7th instant, Lot 6, Block 60, corner of Market and Biddle streets, 7th Ward, for $4,460.

HATHAWAY'S ADDITION.—Dealers and speculators in Real Estate will find something worth reading in Mr. WALL'S advertisement offsets for sale in Hathaway's Addition.

MILLWRIGHTS.—Those who need the services of a good Millwright are referred to the notice in our advertising columns this this morning.

I submit the above to the public with the remark that it is a continuation of my reports, the first of which I published in December last, and which constituted the *first regular weekly report of bona fide sales of real estate ever furnished* the public in this city.

I shall continue to publish a weekly report of sales as heretofore, and would recommend all who are interested in Real Estate, to take the paper containing my said report, and file the same, by which means they will always be familiar with, and have a correct list of all transactions in this line of business. My report is got up with the greatest possible care, and is therefore correct and reliable in every item. W. LAIDLAW.

PARLOR OR SALOON PISTOLS!

JUST RECEIVED, a small assortment of the above named Pistols, together with the cap and ball for the same. These pistols are not only serviceable as a weapon of defence, but are admirably adapted for target exercise.

The cap, ball and powder are all together, and the Pistol can be charged in the same space of time required to place a cap on an ordinary Pistol. There is but little smoke or noise attending the discharge, at the same time the ball is thrown with sufficient force to do great execution. As this style of Pistol is only used with two shots of bore, no difficulty will be experienced in procuring the caps to fit them.

We have also on hand a large stock of Colt's, Allen's, Warner's, Robbins & Lawrence's, Whitney's and other styles of revolvers and pistols of cheaper grades, all of which will be sold low. Call and examine our assortment.

CRAMPTON.

Great Auction Sale!

101 Lots for sale at Auction!

J. R. CRAMPTON will sell at the highest bidder, at his Auction Rooms, on Wisconsin street, commencing on the 20th inst., at 10 o'clock, A. M.,

One Hundred and One Lots,

being the subdivision of a part of Hubbard & Pearsoll's addition to the First Ward of the city of Milwaukee.

Terms of sale—¼ cash, the remainder in 1, 2, 3 and 4 years, at 7 per cent interest.

The above property is well known to require nothing—it is located on one of the highest points between the lake and River, four blocks nearer the Post Office than the central business street, where sales have been made daily at from four to five thousand dollars. Four minutes walk from the Water Power and business of the Second Ward and connects with the large manufacturing establishments of the Messrs. Allen, Lyon and Horton lands, by the Plank road bridge, which will be completed and ready for use by the middle of June next, and will open a large tract of rich farming land to the North, and make the streets upon which this property is located an important thoroughfare to the city. Water street is already graded and planked with Carr, Marshall and Astor street's graded and planked sidewalks made to within one or two blocks, to be continued through to Water street and the new bridge during the coming season.

This is an opportunity that will never again be offered to those having one or two hundred dollars to invest themselves a home, with *long years* to pay and low interests.

Maps will be in readiness for distribution in a few days, may7

CALEB WALL.

City Land Office.

THE TWO FRAME HOUSES I own on Jackson street are nearly ready: they have been painted and are being papered. I have had the yards all handsomely graded. One of the houses contains two parlors, library room and dining room, kitchen and four chambers, with six closets, well, cistern, &c. I will sell either of these houses for Two Thousand dollars, on easy terms, viz: one thousand dollars cash, the balance in 1, 2, 3 and 4 years, with 7 per cent interest. Or, if the purchaser can not pay one thousand dollars cash, he can put five hundred down, and the other five hundred in three or four months. Possession given immediately. Any one can go and see the houses, they are now open.

I will also sell one house on Marshall street, which are very superior. I will rent for one year to responsible persons, with small families; give possession immediately. I will rent each house separately.

CITY LAND OFFICE.

A DESIRABLE House and Lot, one of the best locations in the city of Milwaukee, on Mason street. It is also a desirable residence now occupied and owned by the Rev. J. J. MILES, who is about to retire to the country, on account of his health. The House and lot is on the corner of Mason and Cass streets, directly opposite Mr. CRANER'S residence. The House is convenient, containing some 10 to 12 rooms. The grounds around the house are handsomely laid off with rows of shrubbery and fruit trees, and you have a beautiful view of the lake. Mason street is considered one of the most valuable streets in our city. The property will be sold cheap. Possession of it given in a short time. Terms will be as shown, from one to in one, two and three years. Any one wishing to see the property can do so by calling for the key, and will find me about it to them. CALEB WALL, Agent.

VOLUME XI. MILWAUKEE DAILY SENTINEL. SATURDAY MORNING, MAY 10, 1856. NEW SERIES

**The Different Kinds of Money.**

Acri-mony, dislikes the human breast.
Her money, soothes the soul to rest.
Cere-mony, words to men addressed.
Testi-mony, evidence to attest.
Sanct-imony, of holiness possessed.
Parti-mony, inheritance bequest.
Matri-mony, a state to make you blest.
Ready money, what many love the best.

**Epigram.**

John Doe one winter day met Roe,
Where Lager flier is so?
Said he, "Friend Roe,
How do you do?
This weather's very cold.
And since we're here,
Come, take some beer.
You'll find it healthy too!"
But Roe replied bcanie—
"No, no, friend Doe,
I thank you, no,
For me 'tis quite Teutonic!"

**Epigram.**

We take the following from the Boston *Post*:—

"What will you get a pair of pants up for?"
Said quizzing Jotham to his grave tailor—
An infant joke beneath his forte I ponder,
As proud on high the fancy breeches swung,
"From dollar-five to dollar-six, you'll pay."
"And what to pet them down?" said Jotham gay.
And still aloft the pantaloons he scanned:
The tailor blushed, he did not understand;
"Sir, cash would induce me, rather would coffee!"
"Cheap?" Jotham said, with elevated eyes;
And pointing up with a retiring air,
"Nothing," my friend." Then please take me down
That path."

ADVERTISING.—We take the following good thing from the Boston *Herald*:

Advertising considered as a science, presents many curious and instructive facts. Judiciously followed, it leads almost invariably to success; while used sparingly and at long intervals, it has no more effect than a slice of raw turnip would have in satisfying the appetite of a hungry man. It fulfills the conditions of a seemingly paradoxical proverb of Solomon: There is that scattereth and yet increaseth, and there is that withholdeth more than is meet, but it tendeth to poverty."—We commend the matter to our reader, well over the mystic meaning of this proverb.

We have heard some persons express stupidity at what they call the exorbitant terms of a New York paper, which charges $1 per line for advertisements. Let us look at it for a moment. The paper claims a circulation of 150,000 subscribers. In the same paper appears a notice of a cheap card printer, offering 100 cards at the extremely low price of 1,50 per thousand. Now let us consider a ten line advertisement as a card, and compare its cost with the cost of the same number of cards as the paper circulates, when furnished by the card printer. The advertisement cost $15 for 150,000, or ten cts a thousand, while the cards would cost two hundred and twenty five dollars; while the trader would have to circulate them himself, while the newspaper proprietor takes the trouble of his hands.

**TO THE MILLION!**

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOODS Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periphelial headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following!

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effects. My hair was becoming, as I thought, prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1855.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I cheerfully recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friend in New Hartford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very rough and pulled out freely; but I found that before I had used a second bottle my (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite thick. I have had my hair cut but two or three times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that it could be desired.

Yours, &c., ——

July 1, 1854. Gansboro, No., June 29, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, was a man of 70 years of age. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY.

St. Louis, March 1, 1855.

Prof. Wood:—My hair commenced falling of some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say—doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLMANSON,

St. Louis, June 23, 1855.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, both gray and coming out. I used your Restorative, it restored its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable falling of the hair. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend it to all who are desirous of having a beautiful head of hair. I am, sir, yours, &c.,

H. L. STEWART.

**DR. WEAVER'S**

**CANKER & SALT RHEUM SYRUP & CERATE,**

**IS AN UNFAILING REMEDY!**

**FACT THAT**

The above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutics, Sore Nipples, &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to that active powers, and when used in accordance with the directions contained with each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are the most known to the public, and more than a plain statement of facts. The special intelligence is adding a daily from East, West, North and South, of wonderful cures they are performing.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Oracle State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; it now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the lip joint, and found it the same child, have been cured by the Syrup and Cerate."

Rev. Augustus Hall, says "it has cured the Salt Rheum in my family."

J. Randall Frazer, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Isconyl, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years,) but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "my family has used your medicines for years, and I am now using your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have tried all the popular nostrums, but all to no effect. I had at last a pretty large boil, but they did me no good. Have taken your medicines one year, and am now able to walk and sleep with out an ache or pain, and my neighbors say I am the straightest man on the Island."

The Rev. J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for many years, and I consider it completely adapted to sustain the high reputation it has obtained for it. I have seen it used in number of cases for Salt Rheum and Erysipelas, with entire success.

And Seth Pinkney, of Taunton, Mass. what the medicines will do; six William Barber, of Grand Isle Bay, Jefferson Co., N. Y., says that he has used the Syrup and Cerate for Mr. Reynolds, of Perkinsville, Vt; ask F. L. Kent, of Ohiocan, Ill; ask Martha Cottle, of Martha's Vineyard, Mass; ask Wm F. Kearney, or Wm P. Benjamin, Esqs., of New Lots, Long Island; ask N. M. Mason, of Beloit, Wis.; ask J. C. Smith, of Brooklyn N. Y., who was cured of fever sore, after losing his leg by the disease, and suffering for years, has lost the use of the injured limb. Use of the Syrup and Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Hume, N. Y., who was cured of Scald Head with sore legs; ask Winslow and Shaffer, Mercantile, Virgil, N. Y., what it will do for Fever Sores. In a word, ask every body who has ever tried these valuable medicines, and the answer will be the same—THEY CURE.

Manufactured by S. A. Weaver & Co., Sole Proprietors, New London, Ct. and for sale everywhere.
